<sup>1</sup> Navigation services require SYNC®4 and FordPass® Connect (optional on select vehicles), complimentary connect service and the FordPass® app (see FordPass® Terms for details). Eligible vehicles receive a complimentary 1-year trial of navigation services that begins on the new vehicle warranty start date. Customers must unlock the navigation service trial by activating the eligible vehicle with a FordPass® member account. If not subscribed by the end of the complimentary period, the connected navigation service will terminate, and the system will revert to embedded offline navigation. Connected service and features depend on compatible AT&T network availability. Evolving technology/cellular networks/vehicle capability may limit functionality and prevent operation of connected features. FordPass® App, compatible with select smartphone platforms, is available via a download. Message and data rates may apply.
